

# The Lords Guide and Standard for All People

I just discovered this proposal. It was compiled by someone with the profile name "Truth"

I appreciate not knowing this persons name because these are the Lords Words, not mans.

I accept this as a Guide and Standard for my life and anything else the Lord adds or corrects from whatever sources He chooses.

I have appreciation for all those who labored and wrote other proposals. I am grateful to Jeff and Emily Savage, their kindness and patience.

After softening my heart, I do believe the Original GP document was inspired and I recognized truth in the words there in.

I have printed all the proposals out and I keep them with my scriptures.

I accept the true points written in each one and THANK YOU, my fellow Brothers and Sisters for laboring with me. (we participated in 3 GP meetings and were not obviously not adequate to the work)

Out of everything I have read, these words resonate with me the most.

Not my will, but His will be done.

It should be all about the Lord and His work and nothing about us. Let the world hear His words and not ours.

Remember: *"WE MUST BECOME PRECIOUS TO EACH OTHER"*

(Added thoughts)

To make this more personal, to reciprocate back to the Lord in His own words, I add my own voice to each of the points below by saying "I will" This is just how I make the His words my obligation to fulfill in my own life. How I can take upon me His name. Kind of like a marriage contract!

## The Covenant

"The Book of Mormon was given as my covenant for this day and contains my gospel, which came forth to allow people to understand my work and then obtain my salvation"; "Repent and bring forth fruit showing repentance, and I will establish my covenant with you and claim you as mine.

## The Guide and Standard

"When you have an agreed statement of principles I require it to also be added as a guide and standard for my people to follow":

"I have given to you my doctrine, and have also revealed teachings, commandments, precepts, and **principles to guide you** and it is not meet

that I command you in all things—reason together and **apply what I have given you and it will be enough.**

- "Study my words and **let them be the The Covenant standard** for your faith
- "Receive the scriptures approved by the Lord as a **standard** to govern you in your daily walk in life"
- "Use the scriptures to correct yourselves and **to guide your words, thoughts and deeds**"
